

This certifies that
Pennie Sempell's Place
has been recognized as a recipient of
The National Parenting Center's Seal of Approval
for the Holiday 2008 testing period.

**Best of Broadway and
Beyond: Health Series**

This three-in-one set of audio CD's impressed our testers not only with the quality of the production but the scope of its research and informative content. The titles include: Fun Time, Relax Time: Focus on Health; Best Things In Life Are Free: Focus on Happiness and Love Songs For Our Children: Focus on Relationships Each one is designed to subtly give kids a greater understanding about their well-being as a whole concept. This includes physical, mental and social well-being. Pennie Sempell uses music, specifically Broadway and other similar styled sing-along songs to deliver her message. There are relaxation exercises, activities and quite a bit more. Teachers will also find an Instructional Guide with complete lesson plans.
